PROJECTS

*Many Projects are internal because of GOV entities Policy.

<https://PearsonPlaces.com.au>

Working remotely with an Australian team, I'm directing them because I have more task experience than they have and because I've introduced them to many new configurations, such as Kafka, Elasticsearch, Mediator, and others. The project's goal is to assist Australian students with exams and teaching hubs.

<http://operazi.com>

Built from scratch, Operations Booking Website with C# Asp.net MVC.

<https://re3aya247.com>

Built Healthcare Booking Website, Created by MVC .net with team of more than 10 developers UI UX and Asp.Net API Integrated with react native, published at azure service.

<http://clinic.key4med.com>
